WHAT OUR

Customers Are Saying

"This is a superb business that gives excellent customer service from start to finish. I would suggest them to everyone. In this case, Alex Weaver was the technician who completed the service on our 2 HVAC systems (WOW service). Thank you for explaining & completing the service in a timely manner."

"Had a great experience with Blanton's this morning. They fixed the problem with our unit and restored our heat with a few adjustments. We've always been pleased with their service to our HVAC."

—Bruce H. via BBB Reviews

"I have seen their vehicles all over town. Well, we decided to give them a try, and it is one of the best things we've done. They saved me money on my electric bill, and they are like super responsive."
